

Product Specifications

Wilden Diaphragm Rubber - P/N: 15-1010-52 (Buna Diaphragm for 3" Pumps)

SKU: 3597725

Brand: Wilden

Unit: Pc(s)

Barcode Type: C128

Available in locations: Altools Services

Category: Industrial Pump

Subcategory: Wilden Pump

Manage Stock?: Yes

Reorder Quantity: 5.0000

Expires in: Not Applicable

Applicable Tax: None

Selling Price Tax Type: Exclusive

Product Type: Single

Key Features

Genuine Wilden Spare Part: Designed to meet Wilden's rigorous standards.

Primary Buna Diaphragm: Specifically designed for use in 3" Wilden clamped or bolted pumps.

Wetted Path Material Family: Undefined, adaptable based on your system needs.

Connection Inlet Size: 3" (76 mm) for compatibility with Wilden 3" pumps.

Lightweight and Durable: Weighs under 2 lbs (0.9 kg), ensuring easy installation.

Temperature Resistance: Operates between 10°F and 180°F, suitable for various industrial environments.

Clamped/Bolted Construction: Supports either clamped or bolted setups, allowing flexibility in use.

Technical Specifications

Part Number: 15-1010-52

Material: Buna

Pump Compatibility: 3" Wilden clamped/bolted metal and plastic pumps

Lower Temperature Limit: 10°F (-12°C)

Upper Temperature Limit: 180°F (82°C)

Product Weight: Under 2 lbs (0.9 kg)

Construction Type: Clamped/Bolted

Wetted Path Material Family: Undefined

Reorder Quantity: 5.0000

Applications

Chemical Processing

Food and Beverage

Pharmaceutical

Mining and Oil & Gas

Water Treatment
