

Product Specifications

Stainless Steel Safety Emergency Double-Port Vertical Eye Wash Station (Eye & Face Wash) - SKU: 3648982

Description:

The 304 Stainless Steel Safety Emergency Double-Port Vertical Eye Wash Station is a vital piece of safety equipment, designed to provide rapid and effective eye and face decontamination in situations where exposure to hazardous substances may occur. Its double-port system allows for simultaneous rinsing, offering fast relief in emergencies. Constructed from durable 304 stainless steel, this station is built to withstand demanding environments such as laboratories and industrial facilities. With a compact, desktop-friendly design, it fits easily into any indoor workspace, providing dependable safety solutions without taking up much space.

Key Features:

- Dual-Port Eye Wash: Allows efficient, simultaneous rinsing to rapidly remove contaminants.
- 304 Stainless Steel Construction: Durable and corrosion-resistant, suitable for tough environments.
- Adjustable Pressure: Operates between 0.2 and 0.4 MPa, ensuring optimal flow rates.
- User-Friendly Design: Desktop-mounted for immediate response access during emergencies.
- Certified Quality: ISO9001-certified for adherence to safety standards.
- Compact & Portable: Weighs 12 kg, with a streamlined design for easy workspace integration.

Technical Specifications:

Color: Silver

Material: 304 Stainless Steel

Working Pressure: 0.2-0.4 MPa

Shower Valve: 32 mm (1 inch)

Flow Rate: Shower Head: 90-108 L/min, Eyewash: 12 L/min

Weight: 12 kg

Dimensions: Product: 62 x 35 x 22 cm, Packaging: 66 x 32 x 20 cm

Sealing Pressure: 0.4 MPa

Minimum Order Quantity (MOQ): 1 piece

Certification: ISO9001

Applications:

- Nuclear Power: Provides readiness in high-risk chemical exposure areas.
- Petrochemical & Chemical Manufacturing: Quick decontamination for chemical exposure.
- Machinery Manufacturing: Essential for factories where contaminants are prevalent.
- Automotive & Shipbuilding: Emergency support for handling various hazardous substances.
- Casting, Painting, Printing & Dyeing: Mitigates risks in industries handling chemicals.
- Pharmaceuticals & Medical Labs: Ideal for labs with exposure to hazardous substances.

About the Supplier: Lystus Technical

Lystus Technical Nig Limited is a premier supplier and distributor specializing in essential industrial and laboratory equipment. Committed to safety, reliability, and quality, Lystus Technical ensures products meet high certification standards, enhancing safety in various industrial and laboratory environments across Nigeria. With a focus on customer satisfaction and an extensive product range, Lystus Technical is a trusted partner for safety and laboratory solutions.
